1. Autofocus and Exposure reading.
2. This button starts or ends the Video Recording (Rec).
3. Photo Shoot.
4. Aperture -.
5. Aperture +.
6. Shutter Speed -.
7. Shutter Speed +.
8. ISO +
9. ISO -.

Press the buttons 4,5,6,7,8,9 once to change by one step. Keep pressed to quickly change the chosen parameter.

10. Switch Mode, allows you to change the function of each button. The switch mode is indicated by a blue LED switched on. Keep the button pressed for 3 seconds, on the monitor you can access to the housing's menu. A purple LED lights up when menu navigation is active. To navigate, follow the numbering of the buttons in this manual. To exit to the menu mode, press button 11 "on / off".

11. On/Off housing and camera. To switch on, keep the button pressed until the housing monitor is switched on (Easydive logo). It is possible to turn off or on only the camera, by pressing once quickly. To turn off both the housing and the camera, keep the button pressed until it turns off.
